

“One of the biggest benefits that I have seen is **fewer road calls from our drivers** due to a major tire event. Our number one goal is safety and Halo helps us accomplish that.”

**Frank Young, President, B-H Transfer**

**halo**  
TIRE INFLATOR

Boost Fuel Efficiency 1-2%

Extend Tire Life ~15%

Maximize Uptime

“Thanks to Halo by Aperia Technologies, **we have consistent tire pressure across our fleet.** We get better tire wear which leads to a longer tire life.”

**Frank Young, President, B-H Transfer**

Tires under-inflated by 10 psi can experience up to 2.5 percent reduced fuel economy. For a truck traveling 100,000 miles each year, every percent adds up.

**B-H TRANSFER'S HALO EXPERIENCE**

Promotes optimal tire pressure

Improved tire wear

Less road calls from drivers

Easy to install

Better fuel efficiency

Peace of mind

**Contact Aperia to see what Halo can do for your fleet.**
