

“The Halo Tire Inflator installs seamlessly and is virtually maintenance-free.
Halo is the best tire inflation solution available.”

Cory Beard, Senior Director of Fleet Maintenance, Hub Group

- Boost Fuel Efficiency 1-2%
- Extend Tire Life ~15%
- Maximize Uptime

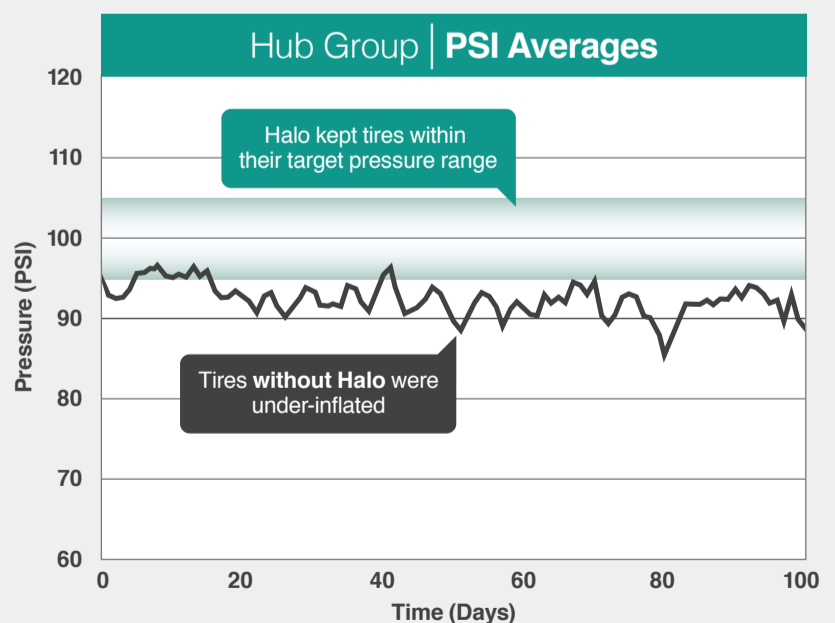

- Reduces downtime
- Less road calls from drivers
- Peace of mind
- Improved tire wear
- Improved fuel efficiency
- Increases safety

“Hub Group has experienced fewer roadside calls on trucks equipped with Halo. Aperia’s automatic tire inflation system is aligned with Hub’s commitment to safety, provides our drivers peace of mind, and reduces fleet operational costs.”

Cory Beard, Senior Director of Fleet Maintenance, Hub Group

Hub Group’s tires that were outfitted with the Halo Tire Inflator by Aperia Technologies experienced fewer days of underinflation. Based on this 100-day study, **Hub Group saved an estimated \$1,400 per truck per year including saving more than 170 gallons of fuel and more than 4,800 pounds of CO2 emissions.**
